Objective

The main objective to organize the Symposium on “Recent Advances in Chemical Research and Applications” is to provide a unique forum dedicated to scientists and researchers to explicit their research articles on an array of modern chemistry research and their application. Holding such a seminar in college would keep students abreast with the latest technology and enhance their confidence by interacting with experts in the field. For an undergraduate student of Chemistry, being exposed to these cutting-edge discoveries will definitely be an experience worth hours of study. It is our modest endeavor to bring together scientists, academicians, researchers under one roof to share their views, scientific thoughts and experiences with each other.

Call for Papers

Contributors are requested to send an electronic copy of the abstract typed in double space in “MS WORD” in Times New Roman Font with font size of 12 in file not exceeding 300 words and e-mail it to seminar_chem2016@vcfw.org; meenakshi.ghosh@gmail.com; maitrayeebr@gmail.com on or before 15/12/16 for inclusion in the proceedings. The abstract should be provided with a title, name of the author(s) along with their affiliation(s). The corresponding author and the presenting author must be indicated in the abstract along with their e-mail address and contact numbers.
