

Bio-data

Photo

Name : Dr. Maitrayee Basu Roy

Designation : Assistant Professor

Contacts & E-mail ID : Mob: 9433485653; e-mail: maitrayeebr@gmail.com

Academic Qualification: M.Sc (Physical Chemistry Special), Ph.D

Research Area and Area of Interest : Photoinduced energy and electron transfer, Protein-drug interaction and protein unfolding.

Research Guidance: NA

Awards :

Projects : Ongoing UGC Minor Research Project

Publications :

1. Exploring the Nature of the Nanocavity and Channels in Apoferritin and Apoferritin–Sodium Dodecyl Sulfate Complex Using an Enhanced Antenna Effect through the Encapsulation of EuIII–Tetracycline: Eur. J. Inorg. Chem., 2016.
2. Photoinduced Energy Transfer in lanthanide complexes of some naphthalene linked crown and azacrown ethers; International Journal of Innovative and Applied Research, Volume 3, Issue (6): 27- 36, 2015
