
Report on National Science Day Celebration at Vidyasagar College for Women, Kolkata -700 006

Date: February 28, 2022

In India, National Science Day (NSD) is celebrated on 28th February to commemorate the discovery of the 'Raman Effect'. This year, Vidyasagar College for Women celebrated this day in the form of an inter-college science exhibition. This was our first inter college offline event during the ongoing covid pandemic. So, keeping in mind the covid safety norms, only a few colleges were invited to take part in the event. Students from semesters IV and VI actively took part in the programme and made it a grand success.

Participating Departments of our college: Botany, Zoology, Physiology, Chemistry, Physics, Mathematics, Economics, Geography and Film studies

Other participating colleges: Victoria Institution College, T.H.K. Jain College

The event was inaugurated by our respected Principal Madam, Dr. Rupali Chaudhuri. Students from the above-mentioned departments prepared charts and models and presented them. Faculties from both Arts and Science Departments visited the exhibition to encourage all students.

Co-ordinators of the Science Day Exhibition: Dr. Sankar Bakshi, Dr. Sudakshina Ghosh

Inauguration of Inter College Exhibition by Principal Ma'am

Celebrating National Science Day, February 28, 2022

Representing Economics Department of our College

Mathematics Department, Victoria Institution College

IQAC Coordinator, Principal Ma'am with the Coordinators of National Science Day Exhibition, 2022
