Report:

The seminar was very illuminating and appropriate for the students. In this seminar 97 students were present and they interacted with the speaker with their various queries. Speaker inspired them to pursue private sector jobs and tried to make students understand that they can also be placed in spite of being a student of general degree college. It was a very successful seminar.

Report:

Students felt very glad and excited in this workshop as it was interactive and it opened up a new placement option to them. The invited institute arranged a competition on fashion designing. Students were given a specific outline of human figure and they had to create their own design of garments on it. This reflected their creativity, imagination, passion and skill. The said institute officials selected top 3 drawings.
