Internal Quality Assurance Cell (IQAC) of Vidyasagar College for Women, in collaboration with National Assessment and Accreditation Council (NAAC), has conceptualized a Two-Day National Conference on “New NAAC guidelines for AQAR, IQA, SSR and Quality Enhancement in Higher Education”, scheduled to be held on September 15 & 16, 2022, at the New Building Auditorium, Vidyasagar College for Women (39 Sankar Ghosh Lane, Kolkata-700006, West Bengal). The new NAAC guidelines, proposed in 2022, have been formulated keeping in view the goals prescribed by the National Education Policy 2020. It is noteworthy that NAAC has infused a new spirit into its process of assessment and accreditation which is far more robust, objective and transparent. This has been attempted as a continuance of NAAC’s concern for ensuring that its processes are in tune with global, regional and local changes in higher education scenario. NAAC has significantly reduced the duration of the accreditation process and has successfully developed an assessment and accreditation framework which is technology enabled and user-friendly. The proposed conference seeks to delve deeper into the Self Study Report Manual for affiliated colleges and discuss in greater detail Annual Quality Assurance Reports of HEIs.

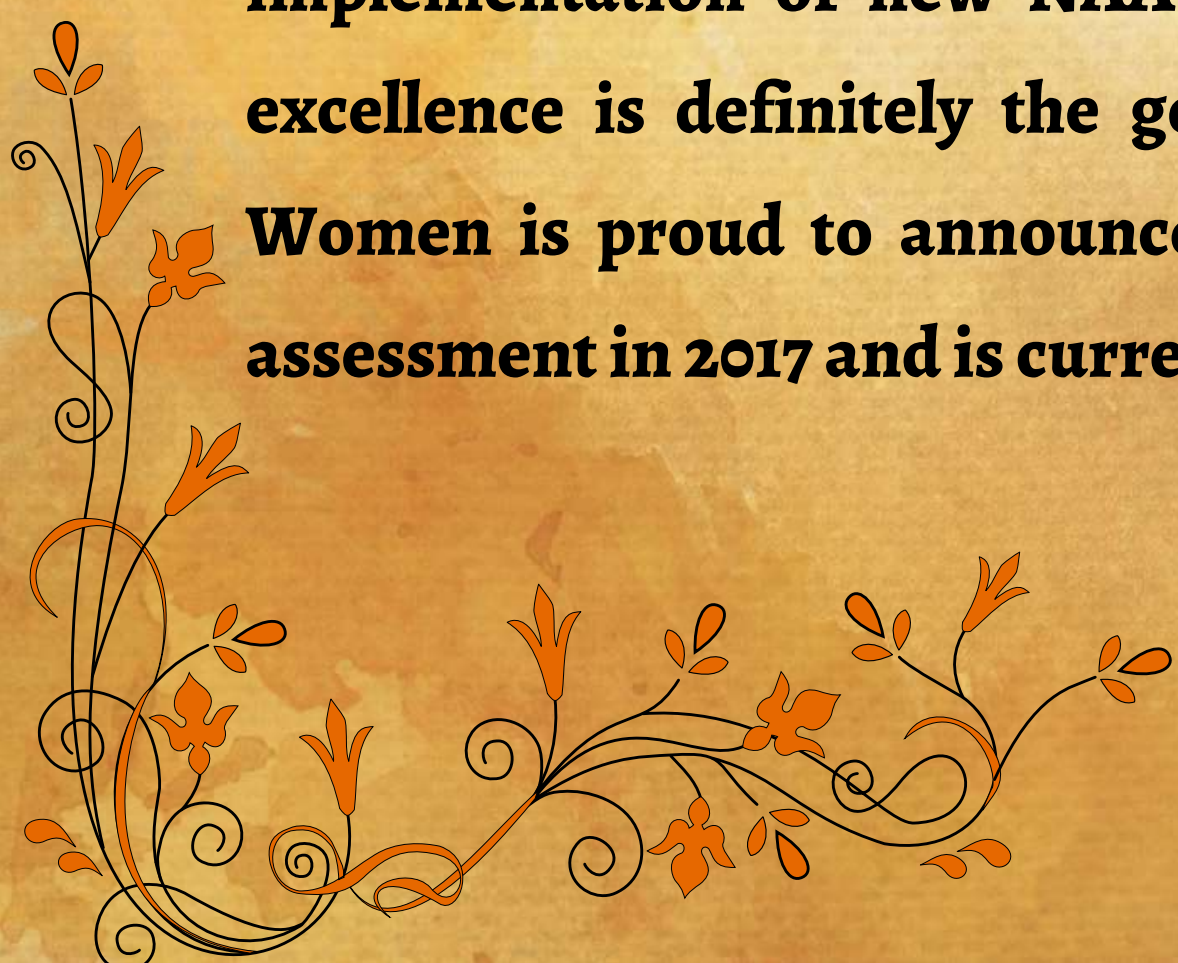

About the College

Vidyasagar College for Women, a premier educational institution affiliated to the University of Calcutta, is dedicated exclusively to the education of women. Over the decades, VCFW has evolved and proved its mettle not only in the field of academics but also excelled in co-curricular and extra-curricular activities. Eventually, the College has introduced different value-added courses like French course, Beautician course and Computer literacy course. It is a matter of pride that National Cadet Corps (NCC) and National Service Scheme (NSS) units of the College have been functioning very effectively in instilling the noble values of compassion, empathy and selflessness into the impressionable minds of young students. The College has been making sufficient headway towards realizing the kindred legacy of our founding father, Pandit Ishwar Chandra Vidyasagar, whose work in the field of women's education and empowerment was indeed a landmark. The College adheres to the ideals and principles of the great educationist, as it consistently strives to effectuate its vision of empowerment through education.

About NAAC

The National Assessment and Accreditation Council (NAAC), an autonomous body established by the UGC in 1994, seeks to enthuse all HEIs with the noble prerogative of striving towards excellence, with the ulterior motive of chiseling all young and precocious minds studying at these institutions, into highly competitive, knowledgeable and evolved individuals. NAAC, therefore, functions as a dynamic central body that keeps itself abreast of highly complex and ever-changing demands and challenges of the modern academic and professional arena by continually upgrading its parameters for prompt and transparent evaluation of HEIs. The National Assessment and Accreditation Council is an autonomous organization that aims to assess and accredit Higher Education Institutions after duly assessing their over-all institutional performances on certain stipulated parameters. NAAC aims at empowering all higher education institutions by bringing them within the gamut of a single paradigm, sharing equal rules, regulations and opportunities, with the ulterior objective of facilitating proliferation of their resources, opportunities and capabilities for the intellectual growth and development of youth who happen to be a majority on our country's demographic axis. NAAC is, therefore, the central body entrusted with the responsibility of upholding and upgrading quality-initiatives to better equip the immense pool of human resources to re-define the future of our country. Assessment can be conceptualised as a performance-based evaluation of an institution and it is accomplished through a process focused primarily on self-study and peer review on the basis of well-defined criteria. Based on the assessment by NAAC Peer Team that visits HEIs, accreditation is awarded and a certificate is issued to this effect by NAAC. The certification remains valid for a period of five years as the HEIs start preparing for the next upcoming NAAC Assessment and Accreditation, since excellence is a continuous process that involves immaculate planning and strategic implementation. Planning and implementation of new NAAC guidelines should be internalized as a matter of habit; excellence is definitely the goal but it is an on-going process. Vidyasagar College for Women is proud to announce that it was accredited with B++ grade in the last NAAC assessment in 2017 and is currently gearing up for the 3rd cycle of NAAC accreditation.

Objectives of the Conference

The objective of the seminar is to understand the need for quality sustenance in higher education and bring forth the intricacies of the accreditation process and its importance in quality achievement and sustenance. It also aims to analyse the policies and procedures required in quality approach, data assimilation, management, in the process of accreditation through which the institution may achieve the best grade in accreditation. It will also focus on the issues and challenges in the revised NAAC guidelines like online registration, qualitative, quantitative metrics, data templates, Standard Operating Procedure, Data Validation and Verification Process, Student Satisfaction Survey and basic aspects like the submission of the IIQA among pre-qualifier logistics. The conference also aims to highlight the sustenance task given to IQAC for successful operation, preparation and submission of both AQAR and SSR as per new NAAC guidelines.
