

## NOTICE

We are scheduled to face the Online NAAC Peer Team Visit on the 7th and 8th of May, 2025. I extend my best wishes to all of you for this crucial event.

During these two days, I earnestly request everyone to maintain strict discipline across the campus. All faculty members, non-teaching staff, and students must remain engaged in their assigned duties. Unnecessary movement or loitering within the campus premises is to be strictly avoided, as it may negatively impact our institution's image regarding campus discipline.

All corridors, playgrounds, parking areas, and open spaces must be kept clear to facilitate smooth live video coverage of our college. Office staff must remain seated at their respective workstations, and students are not to walk around without valid purpose.

Let us all work together with dedication and ensure that Vidyasagar College for Women presents itself in the best possible light. I am confident that with our collective effort, we will perform exceptionally and emerge successful in this important assessment.

Dr. Sutapa Ray
