#### Learning from teachers

There is many unforgettable memories with vcfw. But my best memorie was when I awarded from vcfw for 1st position in essay competition. The topic of that competition was , "কোমলে কঠোরে বিদ্যাসাগর". It was golden 3years of my life. Our Professors guided us every possible way. The library services was also provided by college. I am proud to be an ex student of vcfw. Happy feeling.

## TEACHERS' DAY CELEBRATIONS

When I spend my time with my friends

Everyday in my college is memorable moment for me because in my department all the professors were very helpful and friendly which help us to make memorable moment.

When I'm graduated

Execution

Each and every moment in this college was memorable. Above all, my "that moment" did not work out like other seniors who received a congratulatory greeting for being the highest ranker for three consecutive years, during college fresher's. I, being the topper for all the three years, didn't even receive any recognition or claps for my achievement but I did stand and clap on my senior's recognition day. The event just didn't happen in my year of passing. That could have increased my self confidence. Still waiting for that "wao moment". But I love my college.

I got very good cooperation & educations from the teachers of the college at that time.

## Suggestion for improvements

16 responses

All the class room and other thing is very good but I think Old building need to renovate like new one. That's not a problem but the old building look much better after renovation.

Give vocational training and proper care of students

Improvement in faculty members in my department, reading hall and big playground....

Large reading hall and improve in infrastructure and improve laboratory area of science and geography

Seminar 2015

Department should contain a mini library as clg library is far away from campus.

1) Washrooms!! Please please make some way for girls to a healthy washrooms. The time I used to be in college, Washrooms were pathetic.

2) Unity among Union girls and other students- it will simply strengthen the girls power.

3) Library- Having a library book issued felt like world war 3 won! The zeal to get a book from library gets washed off on such a long way from college. Can't that be shifted within college campus?

-thats all ☺

Not at all

Being an Alumni I feel proud to provide services which required.

Development of teaching learning,

Education for poor students is more required

Placement based education

Education for poor students

Activities related to social service should be included.

Canteen Food

There are lots of key areas that should be improved in our college. Since I was a student of English Honours, I would specifically talk with respect to my department. Some of the faculty members in our department was worst as they didn't not showcase any professional attitude that is desired from a

teacher. Honestly speaking , my school teachers are much better than the English faculty of our college. I really regret for being a part of VCFW as the quality of teachers who taught us was not good at all. Though they possess PhD degree but I feel very sad to say that their teaching standards are not up to the mark. Moreover, the college should be strict in terms of the marks scored by a student. If a student cannot score above 50% in the college exam should never be allowed to sit in the University exam because in that way a student's career life will not get devastated due to less marks scored in University exam. College should have a women's hostel of a proper standard so that the students don't face any problems while dwelling in the hostel. College should notify the students and encourage them to score above 50% because that is the minimum eligibility criteria for higher education. All these initiatives were never taken up by our college authorities when I used to study in the college. Sad to say that I have wasted 3 years by studying in this college.

more application oriented experiments need to introduced in course

It is our institution (our 2nd home) let's work together...there should not be any ego between us. .

First of all 75% attendance must be made mandatory. Secondly, internal discrepancies should be ignored when considering the interest of the institution.

To include more contemporary developments

Utmost attention to the current level of development, and incorporating them into the curriculum.

Need regular workshop

Curriculum should be more science

Syllabus should be updated within every four years. Teaching and learning should stress on presentation, debates and group discussion apart from the annual written examinations..

does not apply to us

It should be more practical to our life and also improve employability.

Non-contemporary (obsolete) topics in Physics curriculum should be removed and emphasis should be given to orient to some extent in topics related to technological relevance.

Too much load for third year students. Special paper of their interest if they can choose , I think it will help thep

Change into the syllabus and lengthy examination process.

Economics Hons syllabus of third year should be lightened taking into consideration the fact the students face a time constraint

Fresh grounds are being broken in historical research nowadays. Reflections of new findings should be more prominent in the curriculum.

Regular workshops to be conducted in university and colleges under the affiliating university to incorporate suggestions to improve the curriculum keeping international standards in perspective.

Regular feedback to be taken from faculties regarding implementation of the same in their respective colleges. Faculties should participate in regular workshops to improve the quality of higher education.

The curriculum should be more frequently updated

The syllabus should be updated more frequently.

Inclusion of more updated practical lessons will help the students in their further studies

PRACTICABILITY, EMPLOYABILITY, PERFORMATIVE ASPECTS TO BE GIVEN PRIORITY.

Contemporization as per global positioning of the subject is desirable. Theory is given more weightage.

Semistar system and CBCS system should be started

Beside basic design demand of time and place should be kept in mind during curriculum development.

Infrastructure improvement is needed

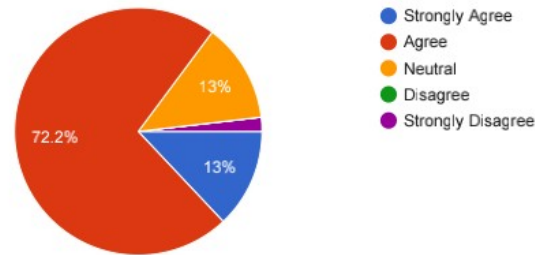

Nothing

There should be series of workshops amongst faculty members before designing and implementing curriculum.

Suggestions for improvement in Teaching, Learning, Evaluation and Research:

23 responses

Evaluation method of practical exam for general course needs to be modified

The teachers should be given more freedom to conduct extra curricular activities

links of e books & journals should be provided to students also.....more information about competitive exams should be circulered

Adequate modern teaching aids (audio- visual ), compulsory projects for students.

Take more initiatives for the same

Research should be encouraged for the faculties. More books and infrastructure ফর তেয়াছিং অ্যান্ড লেয়ারনিং ইস রেকুইরেদ

---

Attendance of students should be strictly maintained, more learning resources are to be acquired, physical infrastructure especially more space for set up of lab. is to be done

Teaching has become the least priority, while teachers are forced to engage in several committees (useless/non-academic) and to attend in several meetings with the Principal with zero end results. Teachers have to spend most of their time in clerical job rather than the academic activities. Many of the teachers have been inducted in several committee.

In recent years, participation in international/national conferences/workshops is not being encouraged by the authority by overriding several restrictions on the statutory leave-on-duty e.g the newly framed rules of the eligibility to avail leave-on-duty once in 3 years for attending International Seminar even as a Keynote speaker/invited speaker. Although, Funding agency of Indian Govt. insists the College authority to proceed for advanced payment of their sanctioned travel grant to the participant in International Conference, the College completely ignores the applicant's request in helping her faculty member even with the duly undertaking of reimbursement of the advanced payment from the incumbent's own salary in the worst case of the sanctioned travel grant does not satisfy the conditions of the funding agency.

No suggestions

More academic seminars are required.

The merit of a dedicated scholar should be recognised more effectively.

More ICT classrooms and Virtual classrooms should come up. Infrastructure is very good in our college already for teaching , learning, evaluation and research. However college requires more space for building further infrastructure.

Teachers should get more encouragement for pursuing research, should be assigned less clerical and administrative activities, should get more infrastructural facilities in order to ensure better teaching.

Provision of independent rooms for individual departments can help improving all these by providing space for discussion with students in a more convenient manner.

BETTER AVAILABILITY AND ACCESSIBILITY OF INFRASTRUCTURAL TOOLS WOULD INSPIRE BOTH TEACHERS AND STUDENTS TO PUT FORTH THEIR BEST EFFORTS IN ACHIEVING A COMPULSIVE IMPROVEMENT IN TEACHING, LEARNING AND EVALUATION.

Further upgradation necessary, more freedom should be given to teachers to teach, too many exams and corrections some completely irrelevant.

ICT enabled class rooms needed more and Oral exam should be replaced by Mid term examination

More cooperation and coirdination is needed,teaching and learning resources should be more enriched,departmental library has to be morere sourcefull and easily accessible.Evaluation system should be more practical,encouragement for research is also very necessary.

Projector, Computers, Teaching Model should be provided in adequate number to each laboratory based departments

Nothing

It has been noticed that many classes are not held regularly. Need regular classes according to the routine. Teachers should take classes with plainly preparation in his/her topics. Also teachers need proper updatation in their own field.

### III. INFRASTRUCTURE

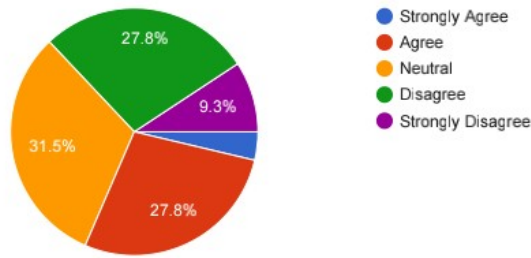

1. The class rooms and furniture available are adequate.

## Suggestions for improvement in Infrastructure:

20 responses

Since the college infrastructure is shared by 3 colleges, more understanding and mutual cooperation among the 3 colleges is necessary for optimal usage of the available infrastructure

The toilets has to be properly maintained

Additional Campus

More space is needed

recruitment of lab assistants (where needed)

Take more initiatives

---

No comments

Toilets and the classrooms are needed to be maintained.

Old building infrastructure needs repair and change

Infrastructure must be maintained more effectively.

More space can ensure better infrastructure. An Arts Faculty Resource room is required for research. Particularly for teachers who are involved in research. Faculties who author/edit/publish books, write and review for national and international journals need space to conduct such activities in a given arts faculty resource room.

More coordinated effort from all staffs are required, opinions from different departments should be sought and issues related to infrastructure should be discussed in Teachers' Council meetings so that a holistic vision regarding infrastructure development can be ensured.

BETTER EFFECTIVE STREAMLINED PLANNING WITH EQUALLY EFFECTIVE IMPLEMENTATION ARE THE NEED OF THE HOUR.

All above to be improved

More sophistication needed

360 degree coordination is needed.Space management should be done properly in scientific way.

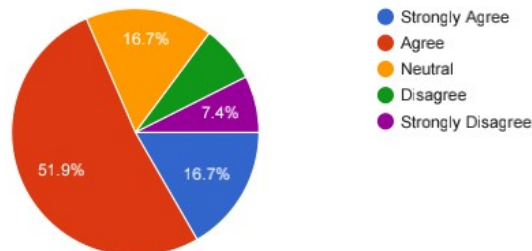

A separate common room should be there for refreshments of faculties

Nothing

## Suggestions for improvement of Governance:

17 responses

More communication with the teachers

The suggestions should be warmly welcomed

More communication is needed between administration and faculty

Take more initiatives

----

Recently, nepotism is observed.

No comments

Positive attitude to the teachers.

Faculty should be encouraged to undertake creative research.

Teachers of all departments and all non-teaching staffs should be provided more space to express their opinion and the decisions about the institutions should be taken in a more democratic manner.

FLEXIBILITY, TRANSPARENCY, MORE TEACHER-FRIENDLY MANAGEMENT WILL MAGICALLY IMPROVE THE OVERALL TEACHING-LEARNING AMBIENCE OF THE INSTITUTION.

There should be more objectivity and transparency. Teacher friendly atmosphere needed. Academics should be independent of political interferences.....

More academic attitude is needed

Coordination , cooperation and self confidence is the high demand.

Number of permanent Office staff must increase for maintaining proper administration of the college.

classes regularly not held

Improve canteen faculty

Good

So so

punctuality of teachers should be improved.

should improve the number of teachers in mathematics

There are not sufficient teachers in our department. There are no sufficient good books in our library. Gym is always close!!!! why??

teachers and books in library should be increased, gym and swimming facility should given, institution should think about their high fees, member in union should be changed

there is no sufficient teachers in our department

Old building gallery classrooms must be cleaned

The college should focus on cleanliness and better communication to help students

Nope

♥ A place to brightly decor up your future.... And a good place to nurture with a unexpectedly responsible faculties and professor

Lucky to be the part of this collage.

College should have a gym or any regular sports activity for the students.

The institution can instruct the faculties to take classes even if a single student comes.

The classes regularly not held

Collage should have a gym or any regular sports activity for students.

The institution may convey the teachers to take the classes even if a single student comes.

College should have a gym and a common room for new building

College is good.

Library and computer facilities are satisfied. Recreational facilities are low.

Toilet facilities is very bad ...

Untidy toilet . Laboratory basin are also dirty . We have not sufficient properties for making permanent slide . Change the taps of the laboratory because of the water wastage .

There are not sufficient and valide microscope and some practical instruments in our botany department .

Condition of tap in the department is very poor , basins are untidy

Toilet facilities is very bad

Improval of canteen needed and more books in library.

All good

I am happy to be a part of Vidyasagar College for Women

Teachers and staffs are very helpful and kind.

yet professors try quite hard to teach us but they don't behave categorically to ask them even issues related to study,even some of them are like patronizing superiority.

All microscopes are very bad... please provide us good microsope please.. some practical instruments are also very poor.. toilets are need to clean..

Our blackboard is broken,please look into this matter. We want guest lecturers who can teach good. We have no complaints for our hon'ble professors,they are really excellent but all the facilities are not available,so all the trial go to fail

The teachers are very helpful.

The teachers help us to understand what's wrong and what's right.they work hard to make us learn.They also help us to improve our personalities..

Teachers are too helpful....

Require better laboratory and instruments

the teachers are very helpful towards the students.

Average

College very very good

It is one of the best College in Kolkata

Awsome

Fair

It will be great if all the teachers be sincere

All the facilities provided by the college is enough for us and i am really satisfied for it.
