# Mentor Mentee Report, Dept. of Zoology, VCFW.

## Report on Mentor Mentee Relationship (2018-2019, 2019-2020, 2020-2021, 2021-2022)

An important recommendation of Nation Education Policy (NEP) 2020 is to develop a system of mentorship by experienced and distinguished faculty. Mentoring is critical to education system as it promotes better output increased employability, exposure to better perspectives, motivation, energizing outlook and several other developmental aspects

In the Department of Zoology, we have been regularly meeting the students from General and Honours courses since long back to discuss issues both within and outside the curriculum.

### Areas Focused

1. Familiarization with institutional culture norms and pattern of behavior.
2. Creating awareness about the ethics at professional level.
3. Orientation to career advancement, leadership and integrity.
4. Familiarization with specializations of the core and allied subjects.
5. Exploring different perspectives of higher education.
6. Availability and location of curriculum materials and teaching resources.

### Observed and expected outcomes

- Managing student behaviour.
- Developing strategies for efficient class management.
- Ideas for inclusion strategies from different background.
- Sequential curriculum planning and learning resources.
- Developing better inclusive strategies for student achievement.

### Conclusion

Our detailed, consistent and regular mentoring programmes have aimed at exploring various internal and external factors and challenges. Accordingly, measures to rectify and overcome them were framed. This will enable to conceive a plan for maximal attainment and benefit from the assembled experience. It will make us future ready to deal with any new challenge that may arise and help in dealing with loopholes if any.
