Summary report: Seminar on "Education and Employability" dated 09-09-2022

The seminar was very illuminating and appropriate for the students. In this seminar 97 students were present and they interacted with the speaker with their various queries. Speaker inspired them to pursue private sector jobs and tried to make students understand that they can also be placed in spite of being a student of general degree college. It was a very successful seminar.

Event name: Job Fair: Dishari 2023

Notice: Job Fair: Dishari 2023

Feedback summary of students on Job Fair: Dishari 2023:

Report on Job Fair: Dishari 2023:

A Successful First for Vidyasagar College for Women

For the first time in our college's history, and the second time in Kolkata for a general degree college, the Placement Cell, in conjunction with IQAC of Vidyasagar College for Women, organized a successful Job-Fair named "Dishari 2023." This event, held on April 28th, 2023, in the college auditorium, partnered with the NGO Magic Bus India Foundation to provide exceptional job opportunities for students.

Importance of Placement Cell Activities

The Placement Cell plays a pivotal role in bridging the gap between academics and the professional world for our students. Dishari-2023 exemplifies this perfectly. By organizing such events, the Placement Cell actively seeks out potential employers, creates a platform for student-company interaction, and equips students with the necessary skills to navigate the job market. This collaborative effort empowers students to translate their academic achievements into fulfilling careers.

Report on Dishari-2023

The job fair welcomed current and alumni students, with a total of 168 participants. Students from the 6th semester of Vidyasagar College for Women, Vidyasagar College, and Vidyasagar Metropolitan College, along with graduates from VCFW of 2021 & 2022, were eligible. The event exposed them to diverse career paths and connected them with top companies like Tech Mahindra, mPokket, VGM, I-Pac, ICA, Dewar's Garage, and Pace setter. Nineteen students secured placements for the second interview stage, receiving free three-day training from Magic Bus India Foundation. While final placement figures were lower, the event provided valuable experience and connections for many participants.

Analysis and Recommendations

The Placement Cell conducted a thorough analysis of Dishari-2023, identifying areas for improvement:

- * **Timing:** The timing clashed with final university exams for current semester-VI students, limiting their participation.
- * **Alumni Outreach:** Expanding alumni outreach can significantly increase the event's reach and potential for success. The committee recommends establishing a direct connection between the Placement Cell and the alumni network.
- * **Student Motivation:** Enhancing student motivation for private sector opportunities through seminars and individual communication can improve their preparedness and engagement with potential employers.

By addressing these points, the Placement Cell can ensure even greater success for future job fairs, empowering Vidyasagar College students to thrive in their chosen careers.

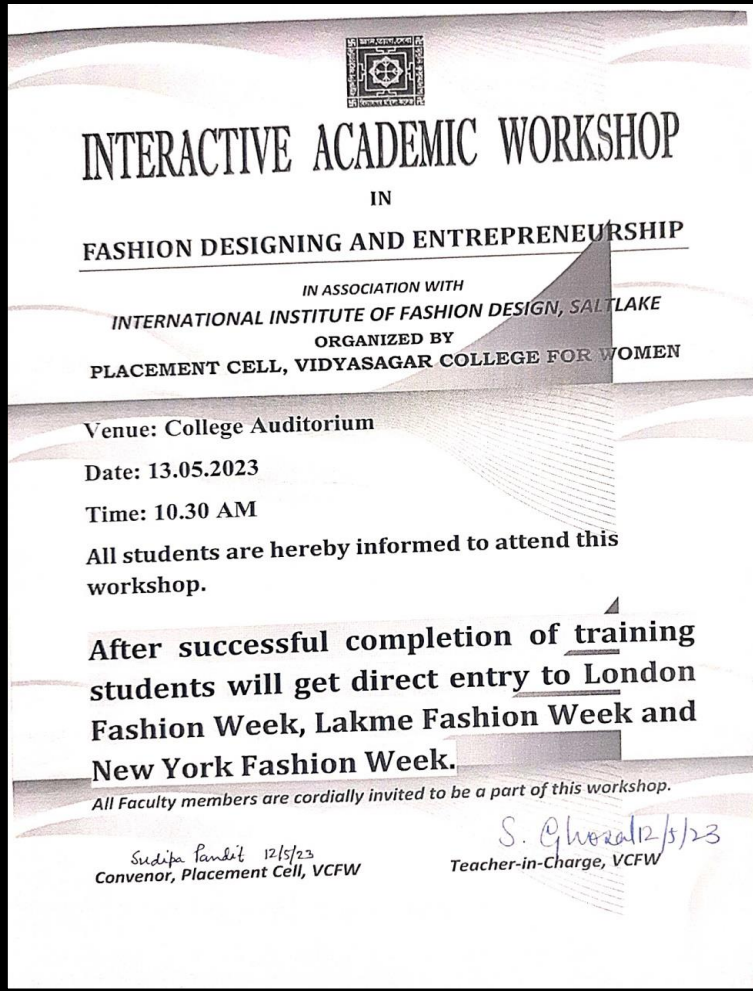

In conclusion, Dishari-2023 marked a significant milestone for Vidyasagar College for Women. While the final placement numbers could be improved, the event provided a rich and valuable experience for participating students. Job fairs offer a unique opportunity to condense a vast landscape of possibilities into a single, accessible location. Students gain invaluable exposure to diverse career paths, interact directly with company representatives, and build confidence through face-to-face communication. By addressing the identified areas for improvement, the Placement Cell can ensure even greater success for future job fairs. This will empower our students to leverage the benefits of these events, translating their academic achievements into fulfilling and successful careers.

List of students selected foe 2nd Phase in Job Fair: Dishari 2023:

Report: Academic and Interactive workshop on “Fashion Design and Entrepreneurship” dated 13-05-2023

The Placement Cell of Vidyasagar College for Women recognizes the importance of equipping students with the skills and knowledge necessary to thrive in ever-evolving job markets. In line with this commitment, a highly successful workshop on Fashion Design was recently held for students. This report highlights the workshop's format, student participation, and the significance of such career - oriented initiatives.

In today's dynamic professional landscape, a well-rounded education goes beyond traditional academics. Career-oriented workshops bridge the gap between theoretical knowledge and practical application, exposing students to in-demand skills and real-world industry insights. These workshops empower students to make informed career decisions, develop their skillsets, and stand out in a competitive job market.

Workshop Highlights and Student Engagement

The Fashion Design workshop captivated students with its interactive format. Enthusiastic participation was evident throughout the session, reflecting the students' keen interest in exploring this exciting career path. A design competition, where students showcased their creativity and technical skills by crafting original garments on provided figures, served as a highlight of the workshop. Recognizing and rewarding exceptional talent through the competition further motivated the students.

Encouraging Entrepreneurship and Successful Careers

The Placement Cell's initiative to organize this workshop aligns perfectly with the College's mission to foster student success. Exposure to career-oriented workshops not only equips students with industry-relevant skills but also ignites their entrepreneurial spirit. The workshop on Fashion Design, for example, may have sparked a passion for design in some students, potentially leading them to pursue careers in fashion design, fashion technology, or even launch their own fashion businesses.

The positive response to the Fashion Design workshop underscores the value of such initiatives. By providing students with practical experiences and exposure to diverse career possibilities, the Placement Cell of the College empowers them to navigate their professional journeys with confidence. The College will continue to organize such workshops across various career fields, ensuring that our students are well-equipped to not only secure successful careers but also explore their entrepreneurial potential.

Report: Campus Interview dated 12-12-2021

Introduction

The Placement Cell and IQAC of Vidyasagar College for Women successfully organized a joint Campus Interview program on December 12, 2021, for current and alumni students. This initiative was part of a Memorandum of Understanding (MOU) activity with the National Vocational Academy of India and Right Brains Technology, Kolkata.

Addressing the Pandemic Gap

Due to the pandemic, placement opportunities were limited for the 2020-2021 session. This program addressed this gap by inviting both current and alumni students to participate. The response was overwhelming, with 91 B.A. and B.Sc. students registering and appearing for the recruitment drive.

Diverse Participation

In addition to the MOU partners, several other companies participated in the event, including Teacher's Bureau, New Life Nursing Home, Star Kids, Taurean Publication, Sreshtha Shikshalaya, and Tech Mahindra. This wide range of companies offered opportunities across various sectors.

Impressive Outcomes

The program yielded significant results, with approximately 44% of participating students (around 40 students) securing placements with attractive salary packages.

Beyond Placements

Even students who were not selected gained valuable experience from the interview process. This exposure will be instrumental in their future endeavours.

Collaborative Success

This collaborative effort between Vidyasagar College, the MOU partners, and other participating companies provided a valuable platform for students to bridge the gap between their academic knowledge and real-world job requirements.

Report: Campus Hiring Programme dated 06-07-2019

Introduction

The Placement Cell and IQAC of Vidyasagar College for Women organized a successful Campus Hiring program on July 6, 2019, for final year students and the 2018 graduating batch. This initiative was a joint venture and part of an MOU activity with the National Vocational Academy of India, run by the Sikshalight Education Research Foundation, West Bengal.

Focus on Self-Reliance

The program aimed to create opportunities for students seeking self-employment and careers aligned with their academic strengths and interests. The Placement Cell successfully provided this platform for student success.

High Participation

A total of 142 students registered and participated in interviews with various organizations, including the National Vocational Academy of India, Debsishu Nursing Home, New Life Nursing Home, m-Pocket, and Star Kids.

Employment Outcomes

While 28 students (around 20% of participants) secured placements, the number was lower than anticipated due to scheduling conflicts with university final examinations.

Exposure and Future Pathways

Despite the employment numbers, the program offered invaluable exposure to the professional world. Students gained insights into diverse career paths and were equipped to build their future successfully.

Report: Campus Hiring Programme dated 18-08-2018

Landmark Event

The Placement Cell and IQAC of Vidyasagar College for Women organized a ground breaking Campus Hiring program on August 18, 2018, for current students and the 2017 graduating batch. This event marked the first time the college's placement cell successfully attracted a significant number of organizations to recruit from a general degree program.

Diverse Participation

The program drew interest from a wide range of companies, including Nirmala Arogya Kendra, Star Kids, New Life Nursing Home, National Vocational Academy of India, Teacher's Bureau, Right Brain Technology. This diversity provided students with a variety of career opportunities.

Student Enthusiasm

The event generated considerable excitement among students, many of whom were eager for their first professional experiences. A total of 143 students registered and participated in the interviews, with the opportunity to interview with up to three companies based on their preferences.

Exceptional Outcomes

The program yielded exceptional results. Approximately 36% of participating students (around 51 students) secured placements with acceptable salary packages across various organizations within the B.A. and B.Sc. streams.

Empowering Students

This successful event served a dual purpose. It secured employment for a significant number of students and, more importantly, instilled confidence in them by demonstrating that their general BA/B.Sc. degrees equipped them for valuable careers in diverse organizations. This positive message provided a strong motivation for current students as they considered their future career paths.
