The Programme began with an inaugural note given by Dr. Chaitali Banerjee, the Convenor of Anti-Ragging Cell.

Dr. Chaitaly Majumdar started his speech with the basic concept of ragging stating the conditions prevailed during the ancient time and finally dealing with causes and consequences.

She highlighted on the cultural difference when one enters to college from school. We enjoy independence during this phase and at the same time the problem of ragging crop up to some individuals who are dragged by their seniors.

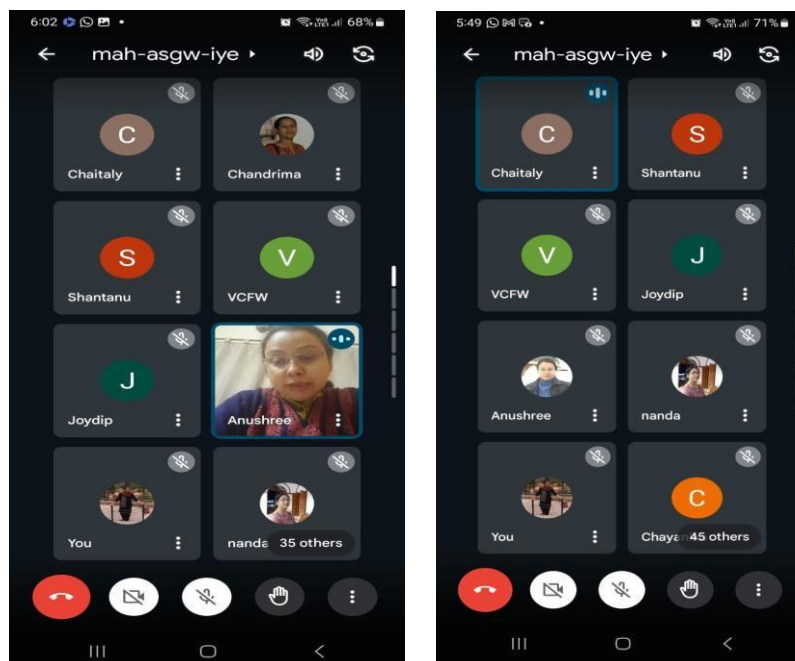

Smt. Majumdar continued her talk by focusing on the ideas – Ragging is not predominance in the same manner everywhere. Institution plays a vital role to control this situation. Any kind of mental and physical torture is called ragging. It is a punishable offence. Ragging cannot be checked only through external force. Self discipline and self control are also needed. Sensitive individual faces traumatic experience while ragging is done, sometimes leading to death or life risk.

Smt. Majumdar also gave a vital note by saying, group complain is necessary as a protest for ragging in the institution. Students' Union, College Authority, Anti-Ragging Cell in the College have a great role to play in order to stop ragging bytaking immediate action.
