Seminar Report, Department of Political Science, VCFW

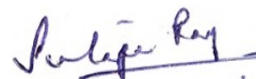

❖ 2019-20

- 1) **Name of the Activity:** One Day Online Webinar
- 2) **Category:** Webinar (IQAC, VCFW & Department of Pol. Sc, Vidyasagar College for Women in collaboration with Dept. of Political Science Jogamaya Devi College)
- 3) **Date Time and Venue:** 01/06/2020; 11:30 a.m. to 1:30 p.m., Google Meet
- 4) **Name of the Resource Persons:** Dr. Rupali Choudhuri, Honorable Principal, VCFW.
- 5) **Number of Participants:** 70+
- 6) **Brief Description:** Topic-“COVID-19 and its Impact on the Politics and Economics of India: In Search for Solution”. The various speakers in the seminar discussed in detail the significant adverse effects of Covid-19 on the politics and economy of India and also tried to give a glimpse of how this problem or disaster can be overcome and what changes in political and economic behavior are required for that.

7) **Outcomes:**

Different reports are coming up with an estimated loss in economic growth, fall in GDP, and a grave impact on trade as well. Indian economy is also hampered by USD 29.9 million making the GDP fall on 3% and having an adverse impact on majority of the sectors. Solutions like the collaboration policies should be taken within sovereign countries instead of competition. Government should take up the initiative the liquidate money to the rural households and job creation. There should be a data bank and liquification of money should be done do that it goes in every hand.

Key Note Address

Given by
Dr. Rupali Chaudhuri
 Hon'ble Principal,
 Vidyasagar College for Women, Kolkata.

Speaker- Dr. Chaitali Basu, Associate Professor, Department of Political Science, Vidyasagar College for Women

Title: Federal State Relations in the wake of the Covid-19 Crisis

This paper deals with the present picture of Centre-State collaboration in dealing Covid-19. A major aspect of the Covid-19 crisis is that it has dealt a major blow to India's federalism. The defining image of the lockdown for India will be the photographs and videos of starved and destitute migrants walking on the highways in close physical proximity, violating the norms of social distancing and the very purpose of a lockdown. These visuals have raised questions about the Centre's preparedness before the announcement of the lock-down. What a Federal country like India needs is a consultative discussion-not only for its fight against the corona epidemic-but for any policy which has implications for its federating units. This includes the need for active interaction with opposition leaders and cooperation with states that are not ruled by the ruling party of the centre.

2nd Session: Paper Presentation of Students

Chairperson: Prof. Arnab Kayal, Assistant Professor, Department of Political Science, Vidyasagar College for Women.

 3rd year,
 Political Science (H)
 Vidyasagar College for Women

Title: Impact of Covid-19 on Indian Economy

There have a great impact of Covid-19 on Indian Economy, if we make a list of outcomes then we can see that there have a

- 1) Sharp rise in unemployment & hence rise the salary problem
- 2) GDP is going downwardly
- 3) Decrease in gov. income
- 4) Closure of the tourism & hospitality industry
- 5) Plung in fuel consumption & rise in LPG rates, etc.

So we can see how the economy has been largely disrupted. But our leaders are trying hard to control this situation and we believe that we will definitely overcome this situation.

Title- Impact of COVID-19 on Indian Economy

This article aims to explore how this global pandemic is likely to affect Indian economy. In this issue I have written about the economic condition in global level where different reports are coming up with an estimated loss in economic growth fall in GDP and a great impact on trade as well. India's economy is also hampered by USD 250 billion making the GDP fall on 2% and having an adverse impact on majority of the sectors. Lastly I have concluded with some solutions like the collaboration policy should be taken which encourage countries instead of competition. Government should take up the initiative the liquidity more in the rural households and job creation. There should be a data bank and duplication of money should be done in bank in every hand.

JOINT CONVENER OF THE WEBINAR

Prof. Tuhin Kumar Das
 Assistant Professor of Political Science, Jogamaya Devi College, Kolkata-700026

Prof. Arnab Kayal
