

Activity of 14/02/2021

COVID 19 or the LOCKDOWN of first phase didn't hold back the department of Botany, VCFW from organizing departmental seminar.

An online seminar for the students of Sem III (BOTA) were organized on 14th of February, 2021. All the teachers from botany department were present during the ppt presentation of the students. The topic they were given from their core course-5 and they were to submit the ppt prepared by them.

Outcome: This was the first online seminar conducted by the department of Botany. The aim to organise this seminar was to teach the students be friendly with digital platform, and to express themselves as how far they have understood their syllabus chapters. Students learnt working with power-point program.
