8. **Brief Description:**
Dr. Ghosh delivered a very contemporary talk on “NEURODEGENERATION CAUSES ALZHEIMER’S DISEASE AND OTHER DISEASES OF BRAIN”. He has several national and international publications from his research work. In post post-pandemic period, our students were highly enriched by his lecture. Dr. Ghosh was introduced by our respected Principal madam, Dr. Rupali Chaudhury, and the program was concluded by a vote of thanks delivered by Dr. Sobhana Sahoo, Associate Professor, Department of Physiology, VCFW.

9. **Outcomes:**

In the pandemic period our students were highly enriched with these seminar preparations. In the very beginning of the pandemic outbreak when we had a very little knowledge about SARS-Cov2, we learned many different aspects of this virus. Like it's nature, worldwide scenario, Dietary management and Different methods of stress management.
